

Dad and uncle, there is a new movie in the theatres; how about watching it tonight?

We must go and see the movie.

Oh! Nice idea.

Abhi.. Is the movie blurred and hazy? We must go and complain to the manager about the same.

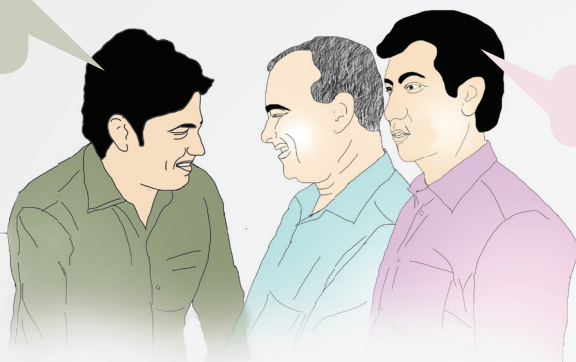

No, the movie is fine; may be your glasses are dirty, clean them once.

Wow! It was a lovely movie, I will watch it again for sure.

Yeah! It is worth it.

What is the matter? You seem worried; is everything fine? You were struggling with your glasses and having trouble watching the movie. You also stumbled on the stairs.

Careful Dad!

Well, to me the movie was all hazy. I tried to clean my glasses, blinked my eyes several times, and even rubbed my eyes but the movie was blurred and I could see some black spots. While moving out of the hall, everything was still hazy; I could not see, that is why I stumbled.

I think you must see an eye specialist. I will fix an appointment for tomorrow. Uncle, can you accompany him please? I cannot let him go alone in this condition.

Sure, I will definitely go with him.
